To whom it may concern,

I was disappointed to see the PSC attempt to limit options available to SC residents on their ability to obtain safe rides home. If successful, your actions will further encourage irresponsible driving. While I have only used Uber a couple times and do not necessarily plan on utilizing it in the future, I find your plans to limit the options of the consumer very troubling.

Sincerely,
A law abiding tax payer who wants Uber as an option

As a driver for Uber in Atlanta Georgia and an international Uber rider I deserve the right of having a safe ride no matter where I travel! South Carolina's choice of taking that from other Uber riders and drivers is a terrible decision. I ask that you please take the time to come to an agreement with Uber management and reconsider this decision.

Thank you,
Eric R. Fusan

Subject: Keep Uber in South Carolina!

Uber is a great company that I have used many times, and I will be extremely disappointed in the state of South Carolina and its legislators if they do now allow them to stay in business. As a 16 year resident of South Carolina, homeowner and tax payer, I would like Uber to stay. I've had great experiences with them, far, far better than I have with any cab company.

I am a single female, and have always had problems with the cab service in Charleston. When you can even get a cab, the dispatch has always been rude and unable to tell me when the cab will arrive. I've stood by myself on the street late at night waiting for a cab that never came; or told that one would be right along, only to wait an hour or longer. When the cabs arrive, they often are dirty, smell poorly with broken heat/air conditioning and drivers that are rude. Half the time the meters are broken, a have no idea of the cost for my ride, and am shocked when I see the cost. Many cab drivers also disregard the set fares.

With Uber, I know what vehicle and driver will be picking me up, as well as when they should arrive, a cost range and tracking the vehicle. Every Uber vehicle that I have been in has been clean, with friendly, respectful drivers that efficiently take you from point A to B. Uber is easy, simple, and safe.

Please keep Uber in South Carolina.

Regards,

Shelby Tamres

Uber provides excellent service at a good value. As a property owner and tax payer in South Carolina, I believe the actions against uber harm the consumers as well as the drivers providing the service.

Dear SC PSC:

I use Uber all over the country and they provide a safe viable transportation service. Please try and work out a solution for them to be able to continue to give this service in South Carolina.

Sincerely,
